Cynthia,

I am impressed with this product I just got from you today! My Nyla has very bad breath and we need to do her teeth, she comes near us and her breath has been so bad, I had another natural product for dogs I have been using and it was not doing the job. I sprayed the product undiluted into her mouth and on her teeth twice today and of course put a tbs in her drinking water and this evening I did not get much odor from her at all!!! Can't wait to see what else it will do for my two "old girls".

Thank You so much!

Nancy
